JUNE
Over the past 4 years tears have fallen, but smiles have prevailed...
From breakups to friendships
From braces to smiles
From asking for rides to getting your license
From having a curfew to coming home late
From Freshmen Kill day to Senior Skip Day!
From 14 to 18
From being in the moment to reminiscing about the memories
The time to say goodbye has come
Now, change has become apparent in our lives
But remember
change helps one grow
and mature into who they were meant to be
Fate will take us where we are destined
Missing memories is O.K., but smile when you miss them, don't cry
Always remember the good memories,
but always think of the ones that haven't yet been made...

## Stephen Anctil

Well . . . high school years in Barnstable fly by. I would like to thank my parents and teachers because they didn't give up on me. We are all on our own now and we are all going to different places and in our own directions. I have enough memories to last a lifetime that I know I will always look back on. Varsity Soccer guys, S.K., J.D., S.M., A.S., P.M., G.B., and A.R. Always remember the Chicken Heart! I'm kind of sad that one of my best friends Jason Maguire can't share the last year of high school with me, but I met plenty of friends I would wish to keep in touch with. It's going to be hard leaving here but I think we are all glad to finally be done. I'll miss all my friends but I'll be here all the time in the summer. OK . . . farewell B.H.S. and to everyone I couldn't fit in. It's been real.

Well, it's been public education-ish. I suppose it would be good now to make a list of the people who have impacted me in some way or another, up to this point, but the thing is, none of them have to do with my completion of high school, (that, my friends is a mystery).
That i said, I give my kisses to my punk rockas, skins, future dept. store check-out clerks, caseys, dan diehls, daves, people who hate me still, matts, of course, Glenn D.s and the like . . . (no need to mention you all — that would take up the space that this is taking up, la de dum, I love Bridgette). Well, I guess I'm moving up the food chain. Thanks for playing with me on the playground and teaching me to share.

So we are all graduating this year, eh? It's about time. Slaving over a pen and pencil for a few hours a night can get to you after awhile. For some of us, hopefully all of us, this will continue for another few more years or possibly the rest of your adult life. Well as for me, I haven't really chosen a path, but I'm getting there so don't you worry about me. I assure you I won't be writing anything too long in my lifetime. I've had a pretty good high school experience. This being my third high school, I've met a lot of nice and interesting people. I'd like to say thanks to Mr. W (I forgot his name, 11th grade TV production teacher) even if he won't see this, for seeing the world with such an open mind. It's good to see people like that. Not enough people like that. I'd like to thank all the teachers that put a little extra effort in helping students get where they want and need to get to. I see a lot of that in this school, so keep it up teachers. Oh well, that's all I got to say about that. Back to physics homework.

These past four years have been an enlightening experience for me. I have loved, lost, laughed, and cried, but mostly, I have learned. To every person that I have encountered within this school: you are all my teachers. You have helped shape me into the smarter and stronger person that I am today. To name everyone who has played a role in my life would impossible. You know who you are, and, our memories will always flourish in my heart. High school has been an uphill climb for me; yet, I feel as though I have finished on top. Without the guidance of peers and my wonderful family, this journey wouldn't have resulted in such success. BHS Cheerleaders (and Ellen): Some of my fondest memories were held right on that mat. I love you all. Yessah! GPC (aka my second family): Sheila and Duncan will always be the mom and dad of the gym and the girls will always be my sisters. We spent a lot of time in that gym, and, I love each and every one of you with all of my heart. Thank you to my positive reinforcement, (you know who you are), your sunshine has kept my heart warm and my will strong. Mom, Dad, Sam, Amanda, Scotty, Bob, Jeanna, and my wonderful grandparents: Thank you for believing in me, your support was always the air beneath my wings.

I'd like to say that I'll miss high school, but this really is no time to lie. I'll miss the routine. The easy repetition. The Structure. Not the people who would need a picture to recognize me. I don't want people to remember my face and nothing else. The important ones remember ME. And I'm taking them with me where ever I go, so they won't need this yearbook to remember my face.

I had a rough and turbulent academic career but it has finally come to an end. I want to give a couple of special thanks. Now to my friend Samantha in CA who I never get to see but she is always there when I need to talk to her. Lastly to my father who has put up with me these past three years, thanks and I love you all. These past four years went by very quickly. I'm going to miss being in the Barnstable High School. None of this will possible if it wasn't for my family, teachers, and friends. I've really grown as a person these past four years. Good luck to the students in the future.

Thanks,

My time to leave these hallowed halls has come but i won't forget those who have helped me along the way. And don't forget that soon you too will have to leave this place of safety and enter the world. Rach & Juli you two have been a lot of fun and i hope you'll always stay friends. Misty, Mysti, Kitten, . . . umm . . . ya . . . well what can i say you've always been fun and i hope that we stay good friends. Reisa i know you already graduated but you must be at least mentioned in yet another yearbook. Rozi i love you and i always will and i hope that we will spend many more years together. Beefy man (J.H.) you've been a great friend and i just wish you had come here instead of the tech, but at least now you can't sell me our for a buck. To all my friends i haven't mentioned sorry but i couldn't think of anything else and you all know how much you mean to me. My only hope is that some new "crazy" kid comes in to take my place and carry on the legacy of Fuzzy.

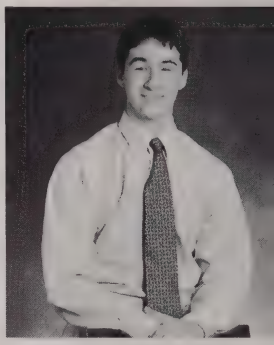
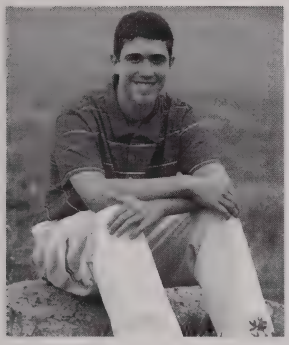
I came to BHS last year from Fort Wayne, Indiana. Moving to Cape Cod after my sophomore year, I have to admit, was tough on me. Settling down here took me some time (most of my junior year) but with the friendly environment here at BHS I finally feel like I have a solid foundation. Finally I wish to thank a few people who went out of their ways to make me feel welcome. They are Ben Dolgoff, Brandon Gillespie, and John Kempton; I really appreciate it guys.





## Benjamin David Dolgoff

Wow! These four years just flew by. Dan, what to say, so many fun times. Nights at the pool hall, singing to all the cars going by; "stand by me," "free falling." Valuable lessons learned in high school: 1) I will never have as much fun a s I have had w/ the g-clan. especially in VA Beach. 2) purple bracelets are n't just a fashion accessory. 3) tents are a good investment- crust, ES, horse neck. 4) not being invited on family vacations isn't a bad thing-ES best pa rty of high school-fruen, the most 'eventful.' 5) canoes are only tipsy if the people inside are too-dave's. 6) the best way to start the new year is in a dr ess and with your closest friend-LP,ES,JF,KTB. 7) the guy of your dreams does exist and in real life, he's even better-rob, I love you. 8) the people w ho yell at you the most love you the most too-thanx Sheila, Duncan, Mom and Dad.

Life, Our little piece of time to live. We go to school, learn to be smart, and go to college to get smarter. But then what? Where do we go? Life may be able to kick us down when times are rough. Some of us may not get up. But I will get up. No matter how unprepared I am, I will get up. I say, give me your best shot because when you see me ten years from now, I may be homeless or I could be rich and famous. It doesn't matter because if I'm still on top of life then nothing else matters. So I ask you, will you get up? Thank you Mom and Dad and friends.

## William James Erhard II

After four fast years, I am nearing the end of my journey as I reach for the peak of the mountain of high school, but I am really only just setting foot onto the mountain of life. I still have many rivers to cross, ridges to climb and cliffs to scale, but I am determined, for my life's work has just begun and I look forward to pursuing my dream of becoming an architect. I would like to thank my family for supporting me during my high school career; you have and always will be there for me. I once read a story of a world in which memories did not exist. Thankfully memories do exist in our world. Here are some of my most memorable experiences from my years in high school: Cornell Summer College - 20 hours in the studio, star parties, fishing, SOX games, chilling out, long band and WP bus trips, but most of all my best friend Dave. I would also like to thank the great teachers that have left a lasting impression on me. I am honored to have been your student. As the year comes to a close and everyone is wondering what college they'll go to, take the time to relax and cherish the moment, because you are only a senior in high school once.

But in truth, the ones we learn from and are inspired by are also the ones we take with us. So to everyone that has taught and inspired me, thank you. Mom, thank you for helping me become the person you are so proud of today. I love you so much! You're the world to me. Sammy, thank you for being the best little sister anyone could ever ask for. High school was ok, I guess. Not the actual school itself, or the people in it. Or the homework and projects and such. Mainly just the times I had during summer or on the weekends or after school. I can't say that I had tons o' fun at school. That would just be a lie. Unless it was between classes hanging out in the quads or causing a scene in the hallways. I met some good friends here and I would like to thank them for the fun we had. They know who they are. Some classes I did enjoy, however. Animation with Mr. Sullivan was my favorite class to go for 3 years. Other classes I had to force myself to go to. Most of my teachers were great. I would especiall like to thank Mr. Sullivan (Animation), Mrs. Taylor, and Mrs. Rank. I guess it wasn't horrible but I'm glad it's over. I would also like to thank Jenn Hatfield for her friendship and support. Now go away. All of you.

The pages of time flutter, drifting languidly in a broad arch until they lie at rest — the book splayed open, eagerly awaiting the movement of the next page. The first chapter i n the great saga of life has passed, and only with the continuation of the novel can I pro gress to the next and newest stage. Chapter Two — College. Chapter Three — The real world? Who knows for sure. All I know is that I have come through it all alive, still som ewhat functioning, and slightly unscathed. High school was not without its melodrama , its soap operas, and its days of emotional turmoil . . . but I won't say that it was lackin g fond memories. Friends, both current and past, I want to thank you for your support, guidance, and love. Boo — You've always been there for me. 143 Always your Roo. Jo e — your inocessant humor brings a smile to my face even on the darkest days. Ashley — writing is your passion; pursue it. And to my family, for all our ups and downs, bloo d is thicker than many bonds. I love you always. Goodbye, Barnstable — Hello, World . Hello, Hello. "I don't know why you say goodbye, I say hello."

There have been a lot of times, a lot of names, that have all created the, um . . . well-adjusted individual I find myself today. Each unique year defining senseless amounts of eras. I am grateful beyond words to so many individuals, no matter my relationship with them now, or the relationships they now share with each other. Among these people I must include my Father (who might as well be my right arm), my Nana' Papa & Aunt, Co(she alone has taught me more about life and strength than she will never know). Among my friends, my best friend & her family, Carrie Roszell (who, in my conquest to try and understand her has really taught me how to understand and respect other people's perspectives.), Tim Chafe & Chuck Driscol l & families, The Chill Crew, Dunky Dee's, Jack Kerouac, Main street-Hytown, Ninjas, Pun k rock shows/ Providence/BP/Sj/Sp/Boo/KMSJ/Kansas/KB/ST/SR Redgat/NL/CR/ JP/ SH/JP/Chog/BD/AB/AG/LB/BC/KB/PK/Dave/JM/AB/NH/Satan/TM+MG /BB/KHNV/TP/AS /JH & JR. Thanks to Mom for encouraging my "gutsiness," letting me take little risk to build independence, teaching me how to share feelings, good or bad, and most of all, for helping me see my own life and work. *"I knew half of you half as well as I should like, and I liked half of you half as well as your deserve." -Bilbo Baggins*

When presented with the problem of creating a definitive, all-encompasing precis summarizing my high school career, my brain reeled. How could I possibly say all that I wanted to in this stricly margined, double-spaced box? Well, I can't.

So, instead, I'll simply say "thank you" to all the nice people I've met along the way, which is everyone, because I still believe that you're all nice people under the right circumstances. Thanks especially to my parents who started it all. A good chunk of my thanksgiving, however, goes to tea. That tasty brewed beverage woke me up and kept me happy. It was a bit of liquid sunshine in the otherwise dreary drab days of school. So to all the fine purveyors of tea the world over - my thanks to you.

*You know you wanna grow up to be just like me!!!*

High school can be a turning point in any person's life. It is a chance to meet new people, prepare you for college, and give you the basic knowledge you need to succeed and be happy. My four years at Barnstable allowed me to make friendships that I will hold dear to me for as long as I live. The most important thing I have learned is that you have to be yourself. Sitting in recluse will do nothing for you. Don't be afraid to make that oh so clever line, or that knee-slapping-funny joke you heard on TV. Allow yourself to enjoy and treasure these four years; they go by faster than you might think. Thank you God, the entire Johnson family, friends and teachers that have molded me into the man that I am today; I could not have done it without you. As for my friends; thank you for being by my side. You know who you are. Stay true.

This Is Not An Exit:: These roads go on forever and so do you and I Remember the summers that swallowed us whole,the drives with no destination in mind,the time we saw our favorite band and we danced and screamed until our entire bodies went numb. Remember when we snuck out of the house, with adrenaline and fear rushing through our bodies,stole my parent's truck,and then when we could no longer see my house in the rearview mirror,we laughed until we shook.Always remember that one moment where we all felt infinite,and the time we figured out how to deal the cards in the game of life.Carly,Kate,Kel,Richard,Amy&Court,I'm glad I was able to share these moments with you.Lauder-Chamberlain,you're my other half::Hey Arnold handshake:: life will always be a musical to us flying sheep. It's finally here! All of the excitement that comes along with graduation and senior year also brings the goodbyes. Mom, Dad, Gabe, Josh, Jake, Nana, Stace and Sarah, Lex and Emms — my girls; I love you! Laura — ever since sixth grade I knew we would be best friends — but I never guessed you would become like a sister to me. I don't know how I would have gotten through as much as I have without you. We have so many memories I don't even know where to begin: britney, the whip, silvershell hell, walkie talkies, New Seabury, the tattoos, our many battles, broken down golfcarts, the APARTMENT . . . I could go on and on. But since I know this won't be goodbye for us, all I can say is I love you and just RELAX-lol. Who else? Lisa — the firefly club, Ft. Lauderdale, you are part of so many of my childhood memories. Bonnie, MB, Christine, ES, DH, KM, OR, NW, JM, AL, KK, RM, JF, JC, JD, JD good luck! HAC people — Steve, Michael (my future roomie) Tim, John, Jenn I miss you guys! Everyone else — enjoy what is left of senior year and good luck in the future!

*Contempt for the truth is reserved for those who deny its potential joy. It saddens me beyond explanation to stand by and observe the helplessness of these people, who insist they struggle and fight against their own minds. This pure ignorance which is usually inherent, although not supremely inescapable, is accompanied by settlement for a superficial bliss, but it is a diseased reality; it will eat away all truth from the inside out. If one could simply erase the incessant verbiage which clouds our brains daily . . . those ideas by which we persuade ourselves that morality is not universal . . . if we could only see that truth is beauty; that life is truth. This ineffable quality of myself I've only found in one other person. If there are more of you who understand the beauty of life, I ask — I beg — that you share it. Show it Remember it.*

## Amy Louise Lyon

Wow! It's over; I guess this is it. This place loses something for each person it graduates-it's all rather sad. "Some people come into our lives and quickly go, others leave footprints in our hearts and we are never ever the same." To those who left footprints: Mom and Dad, you made me who I am and pushed me to limits I never knew I had, I can't thank you enough. Kate, you're an amazing sister. You're everything I wish I could be and more, don't ever change. Jason and Jill you rock! Audra, you'll always be special; life has a way of working itself out. Erin:(Cornell buddies) XC senior year showed what a great person you are. Stay strong, keep being you and GL with everything. Ryan (this is for you babe): you're a great guy; CA in 5 years.Do everything in the future with as much enthusiasm as you can. Be what you are and never settle for second best, GL. Jenny: ameslyongrrr, love ya! Julia:1323. All friends: "I wish all of you the faith and courage to pinpoint your passion." "Its been great, but I think it's time to move onto something new now" Never forget that in the years to come.

*There is no use in searching for the meaning of life. That answer is different for everyone. Life should be enjoyed, not questioned or lamented. Those who go about their lives as though their existence is a punishment are wasting everything that have. On a lighter note, I would like to extend my gratitude to all my friends and former teachers to whom I have had the pleasure of being a nuissance. I hope I'll be remembered by the select few who saw the humor in my antics. Someone once said, "To be forgotten is worse than death." Quite frankly, I believe her. I will (hopefully) always remember those who showed kindness and patience toward this strange soul. My work here is done; it's nearly time I made my mark on a different audience. Farewell to friends and foes alike; I hope we part on good terms.*

## Dave Mahan

High School would have been impossible without the bunch of "miscreants" whom I have had the privilege of calling my friends. I couldn't possibly fit the names of everyone who's kept me going through these four years of black eyes, illnesses, seizures, ambulance rides, sprains, hospital visits, bruises, cuts, deaths, and straight out bad luck. Even if I live to be 100 years old. I'll never forget all the fishing trips, parties, bands we've been in, cookouts, shows we went to, road trips, tattoo sessions, bareknuckle boxing matches, and every bad idea which worked out right. Good luck on the next step, fellas.

*Scattered seeds of my youth*
Nourished in the light of fun, barely noticing the seedlings pecking through and yet they came bursting forth in full bloom, I stopped at times to admire their radiance, Now the time has come as if by the speed of light it has smucked up upon me I make ready to harvest the carelessly sown fruits of the child I once was, yet I feel at peace just knowing, I shall plant yet again. This time oh so carefully. All my best to: My family, mi amor Israel, to all my dunkin D. crew, "KFC, let's dance, Good times." Joune "whatever floats ur boat & find ur lost remote" hahaha. High school has been fun with the exception of the homework, tests, and quizzes. First I would like to give Billy some advice: If you play pool in college, try to keep the balls on the table. Next, I would like to look back on the first time Billy went striped bass fishing with me a few years ago. While I was fighting a bass, Billy pulled in a bluefish. I was made aware of his catch when he said, "Dude, mine doesn't have any stripes." Speaking of fishing I need to convince Begley to take some time off work this summer and go sharking with me. In my opinion there's no better type of fishing than fighting 300-400 pound sharks. It's also a lot more interesting when the fish actually poses a threat to you. As far as school goes I would like to thank all my teachers, especially Mr. Gyra. Going to Gyra's you knew you were always going to learn something new, either, part of the curriculum or something about life in general. There is a lot more I would like to say and a lot people would like to mention. However, I am running out of space. . . .

I also want to thank my guidance counselor, Ms. Jennifer Just, for helping me on everything.

I want to start by thanking my mother and father because without them I wouldn't be anywhere near a school right now; I would never thought I would be writing one of these in my life. I don't know how I made it to actually graduate. I want to thank my girlfriend, Miranda, because she also had a very big part in me making it out of high school, I love you and thanks for all your support. I want to not thank any of my friends, but say what up to all of them because they all dropped out on me, so what up to; MG, AM, AD, JL, CK, DL, DB, DL, JM, JF, ET, CB, D.J. S, and everyone I forgot. WB RULES! First and Foremost: WS, DS, RC, AM, MW, JO, KD, AL, KD, DH, BC, NP, AR, JD, PM, The rest of the WB boys and everyone else I forgot to mention. The Woodlands were a cool spot, the fortress of solitude was where grades were lost. Dave's house and other places to chill. The VJE was an outstanding memory. Overall, I liked BHS, and best of all I actually stayed with it. Now it's time to get serious with our lives and truly show up to do it. Some advice to the other Meaghers: Grace, Anna, and Seth . . . don't do anything I would. Advice to all: nice guys finish last, but cruel people don't finish at all. Thanks, Dad, Mom, and all the inspirational teachers I had.

As the sun sets on our time here at BHS, I look back on the years I've spent here. Choices both good and bad have shaped my life and prepared me for the reality soon to hit. With lessons learned and prices paid, I consider myself ready to enter the world. To my friends I wish you all the best the world has to offer. We had some good times, let's hope they last. To Kenny, try not to lay your bike down anymore; it looks painful; Mike, keep racing and thanks for playing ball with me all those years; we had fun. To Jason, Sam and all the rest, you succeeded in making everyday an adventure. To the teachers who helped me along the way, thanks. To my parents I owe you the world and the rest of my family you kept me on my toes and for that I thank you.

I want to start by saying how much I appreciate all of the people who have made my time in high school better. The West Barnstable Crew, you all know who you are, all the awesome times at the Woodlands, parties we hosted, attended and passed by, the lazy, crazy, hazy days of summer kicking back and taking care of business. The trips we had will always be remembered, Snowboarding and Gondola rides, Camping and how to stand rainy weather. Navigation road and the lost brain cells there. Thanks to the WB Crew, all my friends, my teachers and also to my parents, I love you. And Dartanyon. SCOOBY-DOO GET DEPORTED!

Wow. That went by far too fast. I was told by everyone that these 4 years were going to be the best in my life and I should enjoy them as much as possible and I think I have done that as best as I can. It was good run, anyways. I would like to take this opportunity to thank all those who were in the cast of my high school career: good times. Mom and Dad, I love you guys, thanks for supporting me in all of my ventures. Nana, Matt and Tim, thank you for just being there. I hope everyone I know, and even those I don't, have a life that turns out the way you want it. Thank you and Good Night.

I was thinking . . . that to serve its purpose one should write the things that will help them remember this time fondly when they are either old and trying to cling to the few memories of this time that they have left or in their fall from grace in the sudden realization that they are indeed middle aged. And in my analyzing of these circumstances I've come to the conclusion that any reminiscing will be private and without pomp. Now, if a private time in the result why would some want a meaning imposed upon the memory by an outside force rather than just taking the experience as what it is. To put false value on a memory isn't true representation of that feeling at all. With experiences ranging from paying people in therapy to forget and repress thist ime just so they can get up in the morning to finding it to be the crowning achievement in their life at the age of 17 why should a mask of unity be put upon what they both see to make the latter's more sweet and the former's more sour. Now I may look back at this and question myself and ask what was I thinking but in a life that has always denied me unity I'll be glad I didn't bastardize it.

It's sad but true: HIGH SCHOOL IS OVER! I have so many memories from high school that I could write a book. I had discouraging moments, found myself against the wall, lost control and I did learn how to make my own rules. Now I'm here, waiting and looking for new opportunities in my life. What am I going to do in the future? I have no clue, but one thing is for sure: No matter where or when, I'LL ALWAYS KEEP SEARCHING FOR MORE. Valeu a todos aqueles que acreditaran em mim, pessoas que me deram suporte, que me fizeram passar muita raiva, que me fizeram rir atoa, ou ate quem fez muita falta. Sem voces eu nao poderia ser o homen que sou hoje. Without you guys I couldn't be the man that I am today!
This just the beginning . . .

"Do not undermine your worth by comparing yourself with others.It is because we are different that each of us is special.Do not set your goals by what other people deem important.Only you know what is best for you.Do not take for granted the things closest to your heart.Cling to them as you would your life,for without them,life is meaningless.Do not let your life slip through your fingers by living in the past nor for the future.By living your life one day at a time,you live all the days of your life.Do not give up when you still have something to give.Nothing is really over until the moment you stop trying.It is a fragile thread that binds us to each other.Do not be afraid to encounter risks.It is by taking chances that we learn how to be brave.Do not shut love out of your life by saying it is impossible to find.The quickest way to receive love is to give love;the fastest way to lose love is to hold it too tightly.Do not dismiss your dreams.To be without dreams is to be without hope;to be without hope is to be without purpose.Do not run through life so fast that you forget not only where you have been,but also where you are going.Life is not a race,but a journey to be savored each step."(Written by Victor Wooten.)Thank you to God,family,friends,and everyone.

The years teach us many things that the days are unaware of. One of the things that I learned during these four years is that the greatest mistake you can make in life is to be continually fearful you will make one; so don't be afraid to make a mistake, we all do . . . I would like to thank my parents "Jose Pereira and Enir Pereira" for their love and support and for always being with me when I needed them, "Pai, Mae eu amo voces, em breve nos estaremos juntos denovo." I also would like to say thanks to Mrs. Sands, Mrs. Smith and Mrs. Carlson for helping me in school when I first got here and congratulate them for doing a wonderful job. Also, thanks to my counselor, Mrs. Anderson, for helping me to make the right decisions. To my friends I wish all the best, I will never forget the good times that I had there.

Anyone who really knows me might come close to understanding how amazing it is that I've made it this far in life; Jim and Melissa, you know every second of it is all thanks to you. You are my second savior, to the lord, and I owe you both my life. Ralph, you're my other half! We've seen it *all together*. Continue to make me proud, ok? To the friends that count (hehe): Amy, Kim, Amanda, Jeff, and Katie-Jo, you all touched my life somehow. Thank you for being there. Thank you (Corpulence) Mr. R. for every performance opportunity and experience I can't tell you how much I've learned. Laporte family, thank you for putting Jesus in my life. He's made all the difference! Thank you, also, for being there for me. Dad, thank you for waiting for me before you left us. I know you can still see me, and I hope I've made you proud. Wow, don't you just love shout-outs?

People tell me to write something interesting and meaningful in this box. I wish I had something interesting to say, something that would make you stop and think, but all I have is nonsense and grins . . . People tell me to thank others in this box. I'd like to think the people I should thank are the ones I thank everyday . . . People tell me to write about my memories in this box. My memories, though, barely fit in my head, so they certainly won't fit in this box . . . I sat at my computer trying to do all these things people had told me to do, and then I remembered-any words that come after "people tell me to" can't mean very much. People didn't tell me to say that my favorite color is blue, that I hate peas, and that I love bugs, but I'm going to say them . . . because these trite things are truer to me than anything else I could fit in this silly space. High school. It's been a love-hate relationship, now it's done. Mom, thank you for everything, I love you, none of this has been easy, we'll make it through. Jake-keep your head on straight, don't get into too much trouble, take it easy on Mom, and yes, I love you too. Nichole-hey, we finally made it out alive. They say this is where life begins, but we've been living forever. Jerr, has it been four years? I'm surprised we haven't formed into one person yet; one day we'll go floating off into the sun after all is said and done. Phil and Kellen, you are like my brothers, and you always will be, Carrie, stay yourself, be free. Lisa- you rock. Chuck, Will, Abbi, KT, and Dan Z.-thanks for the support. Here's to all the summer days wandering around Hyannis, and all the summer nights wondering on Main Street. Thanks to anyone who's helped me. Dad, I promise I'll make you proud, wherever you are looking down at us. I hope you can really rest now, you always worked too hard.

Well, I guess I'm leaving this part of my life behind; the high school years have surely been the most eventful time in my life. During these years I've experienced my most painful and joyous moments. There are many people who have made an impact on me and I'd like to thank them. I thank my greatest friends and teachers (you know who you are), I thank my parents and the rest of my family and I thank my beautiful girlfriend, Samantha. All these people are very important to me and have helped prepare me for the years ahead.

For the first time in my life I'm not going to jump on the opportunity to say something political or profound. Anyone who knows me is Well Aware of my opinions. And after weeks of thinking about this silly paragraph, all I really want to say is thank you. So here's to the mad ones. To my best friend Katie, for making my moments infinite. To The Sarah, a soulmate. Casey, did you know you have been a role-model to me? To Beautiful, nurturing Nichole and Jerrica; thanks for your loving friendship. Will-keep it vegan. You impress me. To the Maniacal Nate. Liz, an inspiration. You and Abby and Ross remind me of true individuality; the Punk Rockers, of rebellion and nonconformity. To Dave, my Ally, the next Thoreau. To Nicole, for being in my corner. Erin: sex talks and art. Lisa-B and Erich, always delightful. Lanie- senior year wasn't enough. To Joe, Rachel, Nicole, Ashley, James, Josh- never give in to the banality of reality. To Mr. Gyra, Mr. Lopes, Mr. Beless, and Mrs. Rank: a mere thank you isn't sufficient; you are exceptional as educators and as people. Farewell everyone! Live free and eat organic.

## Dylan Matthew Rounds

NH- Ashley you mean the world to me. Louie- booting all over the place, up till 6 am making sure you don't die. Empty threats getting me here; thanks, curtis.
Life wouldn't be the same without my friends. Dave: Remember contacts at Dan's. Dan: "You should be closer to God, man." Phil: Breaking faces, and how come everyone keeps telling me they can't find you? Dave Mahan: Kings of Nuthin,' thanks for helping me to see them, sorry soco didn't get to you for it. Cody: Do you ever stop complaining, and telling me I'm wrong. Everybody else: BHS for 1.5 years wouldn't be the same without you. WORD.
To my Mom: Thanks so much for your love and support. I don't think I can ever repay you. I know I should have been better, but high school is made for screwing up your life, and then realizing that you are not invincilbe. I love you more than words can express.

Four years have gone by fast. It was just yesterday that we were getting lost in these big hallways. We all have had our share of fun in these past four years. But now the time has come that we, the Class of 2003, must leave the easy life and take the next step in the future. I have had a lot of fun in Barnstable High School. I just like to acknowledge some of my friends from soccer, AR, SK, JD, DP, AS, DP, PV, AG, SM, and GB AND ID. John and Scotty, Jeff. And to all my other friends, thanks for putting up with my accent. God. I never really noticed how time can pass so quickly that it makes you feel as if everything just happened yesterday or even an instant. To summarize the past 4 yrs, I can do it in 1 word. Unforgettable. This will probably be some of the best yrs I ever had. I met people who made my life, so fun I could describe it as a field of never ending smiles. There were teachers that looked out for me as if I was their own child.Like Mr. Shlegel, Mr. S.,Mrs.Gagnon, Mr. JohnSull ivan,Mr.Mills etc . . . I had people that made life so fun and unforgettable Ja mie(best friend),Casey,Julie,Alexx,Ralf,Kane,Ricky(lil laden),Anita,Pat,Mike ,all the Sams,Andre,last yrs StageCCrew,and the list goes on for 300 more.An d as I write this, I feel the tears come on and the crying begin, because I look a t the past 4 yrs in 4 seconds and realize how much I have, how much I've mad e and how much I'm going to miss it when it's gone.

Oh Barnstable High School, what a time it was. My two years here were well spent. Station wagons, the chill crew, plug yer earz, lots of good times and some that weren't as good, but I don't regret any of it, from my first time stumbling through the halls to now. It all happened for a purpose and I learned from all of it. Thanks to all the people that made going to school just a little bit easier, for making me laugh and smile. And thanks to those certain teachers that made going to class not as bad. So as I conclude my small space in the yearbook I'd just like to wish you, my peers, happiness and success in whatever journeys you choose to take.

Wow. Has it been 4 years already? It seemed like yesterday we were only children; now we are the images we have become and much more. Together we were there in our times of happiness, our times of heartache, our times of dreams. I don't write this because its time for our goodbyes; no, I say these things in hope that I may see you all again. I know we will. You have been like a family to me through these past 4 years and I can't be more thankful. You will always have a special place in my heart. I love u guys. You know who you are . . . -~ And those who are not here with us, thank you for being my guardian angels. Much Love. Later

I guess I could go on about how much, graduating means to me and how thankful I am for help I got through out my high school years. I could list my teachers and t hank each for their hand in helping me along my way.But, I don't see myself doin g that. It's not that I'm not grateful for the effort they put in, but I feel the obstacl es they helped with weren't all that difficult. The only truly difficult obstacle I can recall, is myself.The fight I went through to just attend school was enormous.Its no t an unwillingness to learn, it's the idea that I have to, whether I want to or not it's somewhat of a requirement as a person, an obligation if u will, something that I pe rsonally hate. But I, in spite of all these steps and stumbles. managed to excel enou gh to leave these halls with a diploma in my hand.I would like to thank my close fr iends who worked on making sure I went to school. Pam, Matt, Ben, Dan (u cant have my car I lied), Ian, and others. I know u guys are shocked I made it, but hey, I told you I could pull it off, and as you all know.I'm always right

The past four years have really flown by for me and I cannot believe school is over with. ## Andrew Darrow

Three years at BHS, didn't think I was gonna make it,but even through rough times and doubtful moments I did. While here I made some great friends and had some great times. Through everything I did I don't think I would go back and not do it again;I just wish I had taken some more chances, maybe tried new stuff and told some people how I felt. Now we say goodbye to high school and step into a new phase of our lives,one in which we will meet new poeple and have many new ex-periences. I hope that these experiences help more than hurt,not just for me,but for everyone who joins me in saying goodbye to high school this year. As for me,I hope to go to college and study advertising: maybe I'll run into you there. Peace and good luck to everyone in the future.

My wish for all Barnstable High School graduates for the last 30 years is the same . . . That you may lead happy healthy, productive lives. Be happy, savor life. The half of my life spent at BHS has been blessed with much joy and satisfaction. May you all be as lucky as I have been. The thousands of students I have met, including those of you in this class, have enriched my life beyond measure.

I am a 1968 graduate of the University of Maine and have been teaching for the past thirty-five years, thirty-one at Barnstable High School as a tenured member of the science faculty and seventeen years as a varsity golf coach for both the boys and girls team. It has been a very rewarding period of time in my life, teaching over 3,400 students and working with some of the finest teachers and administrators one could be associated with. My task has been met and now it is time to go. I wish you all the best and remember — "Santori."

I started in Feb. 1983 as a curriculum coordinator administering a federal/state grant program. I worked as curriculum coordinator for six years. I started teaching science in September 1983. You will have to work for 50 years in your life. You should find something you like to do. Study the subject area, then find work in that area. If you like what you do, work is not work.

## Anthony Stevens

I started teaching part-time in 1975 in the elementary schools and in 1982 fulfilled my lifelong dream of becoming a high school band director. How fortunate I was to have taught at BHS. I will remember Marching Band and football games the most. Thanks to my students past and present for making my career as a teacher so wonderful. I will forever have "Eyes with Pride" when I think of my years as the BHS Band Director.

## ALLIANCE AGAINST VIOLENCE AND RACISM

The Alliance is a group that meets to discuss issues of violence and racism at Barnstable High School. We conduct peer mediations to try to reduce the amount of violence at BHS. We also plan a "Walk for Harmony" and a festival to promote other ethnicities.

## RENAISSANCE

The Renaissance Program at Barnstable High School recognizes academic excellence by rewarding those students who have achieved high honors, honor roll, or have been nominated by their teachers for academic improvement. The committee coordinates three events at the conclusion of the first three terms to recognize such success. Local businesses donate raffle items for these events and parents of the receiving students are invited. Teachers are encouraged to give incentives to those students who are recognized.

## KEY CLUB

Barnstable High School Key Club is a community service organization dedicated to helping our world — both locally and globally. We raise money for walks supporting various causes such as Leukemia, March of Dimes and Alzheimer's disease. We collect money for UNICEF and their Iodine Deficiency Disorder campaign. Come holiday time, we can be found hosting parties for Independence House day-care and the Big Brothers/Big Sisters organization. In addition, we adopt a family at Christmastime and purchase gifts for them. Each year we take on unique projects, such as recycling, in addition to our traditional events such as baking pies for Hospice House, teacher appreciation and decorating for spring. To sum up the BHS Key Club: "We do good deeds!" All are welcome to join us as we help our community while having lots of fun!

# INTERACT

The Interact Club works with the community in alliance with Barnstable Rotary Clubs. The club works locally with children, the elderly and certain establishments to promote the outreach of the students of Barnstable High School with the community. Interact welcomes all who wish to devote a little time to help a great number of people.

## GAY/STRAIGHT ALLIANCE

Gay/Straight Alliance helps raise awareness, educate, and celebrate differences in our school and community. This club provides a safe place for any person no matter what race, religion, or sexual preference. The door is always open and we look forward to seeing new faces.

## IMANI CLUB

The Imani Club of Barnstable High School is focused on the interest of minority students attending the school. Activities sponsored and selected for club members vary from cultural activities to college visits.

## STUDENT COUNCIL

Student Council is an organization at Barnstable High School that involves approximately 65 members. Members are chosen through an election process each spring. Each class has 20 members and the senior class has an additional 5 members who serve as officers. We organize many of the school-wide activities such as Spirit Week, blood drives, fundraisers, pep rallies, etc. The students work together to involve as many students as possible in all school activities. Meetings are each week yet the day changes so we recommend you listen to announcements.

## KALEIDOSCOPE

*Kaleidoscope* is the BHS Arts and Literary Magazine. Published annually, *Kaleidoscope* showcase a cross section of the impressive artistic and literary efforts of our students make each year. Each year over 200 students submit their artwork and writing for publication to the talented editorial staff.

Jessica Norton, Casey Rocheteau, Nicole Lazzari, Alyssa Flaherty

## FRENCH CLUB

The French Club provides an opportunity for interested students to explore aspects of French culture beyond the classroom. In the past, activities have included French cuisine, cantiques de Noel, learning French holiday practices, watching French films, field trips to French concerts in the greater Boston area, pen pal exchanges and hosting French exchanges students. Students from all levels of French are welcome.

## STUDENTS AGAINST DESTRUCTIVE DECISIONS

Students Against Destructive Decisions (SADD) is dedicated to addressing the issue of underage drinking, impaired driving, drug use, and other destructive decisions and killers of young people. Empowerment is the foundation of SADD. The idea of empowerment is to build students' confidence and ability to create changes and manage behavior in a way that results in healthy choices. SADD promotes a no-use message of alcohol and other drugs and encourages students not to participate in activites with destructive consequences. One of the many activities SADD will be involved in this year is a drunk driving mock car crash scene in the spring.

## FRENCH NATIONAL HONOR SOCIETY

The Société honoraire de francais at BHS, a chapter affiliated with the American Association of Teachers of French (AATF), is composed of student members selected for their strong academic leadership within the classroom and their commitment to the Fench language and culture. Once elected, students assume a leadership role in promoting awareness of the French programs both within BHS and within the community.

Jon McCormick, Vanessa Clark, Jen Maenpaa, Amy Lyon, Katie Beasley, Kate Heaslip, Chryssa Rask, Mme. Golden (advisor)

## SKI CLUB

The BHS Ski Club provides opportunity for students to participate on ski trips. There are usually one or two weekend ski trips offered per year, as well as numerous day trips. In the past couple of years, a small group of students traveled to Park City, UT and Whistler, British Columbia for February vacation. The club is open to all students regardless of skiing ability. Most importantly, we try to make the experience affordable and fun for all students.

## INSIGHT

*Insight* is Barnstable High School's student newspaper. It is published four or five times a year and is entirely student-run. The editorial staff consists of students who have taken a journalism course. Student journalists write 100% of the stories that appear in the newspaper. We strive to cover Barnstable High school in a professional and comprehensive manner.

## D.E.C.A.

DECA (Distributive Education Clubs of America) is an association of marketing students. It is a co-curricular activity with chapters in more than 6,000 high schools. All DECA activities further student development in one or more of the following areas: leadership development, social intelligence, vocational understanding, and civic consciousness. Students work together in competitive events as well as individual events. The events are both competency and curriculum based and assist the students in the refinement of workplace skills required for entry and/or advancement in the field of marketing. Students enter the district level of competition and win the right to compete on the state and national level.

# ASTRONOMY CLUB

The Astronomy Club extends beyond the classroom to include star gazing activities held each fall and spring at Sandy Neck. Here, we observe the Moon and planets, stars, popular constellations, nebulae, shooting stars, and galaxies beyond our Milky Way. In the fall (odd years), we attend the prestigious Wright Lectures held in Boston at the Museum of Science. Each spring we attend the very popular Lowell Lectures, which are also held at the Museum of Science. Astronomy provides an opportunity for students to "connect" with others, while wondering about their place in the universe.

# DRAMA CLUB

The Drama Club is the largest club at Barnstable High School, responsible for producing 3 or 4 productions during the school year and two during the summer. The Drama Club strives to include every student no matter what their ability. Students are taught a wide variety of skills. Backstage skills such as set-building, mask-making, special effects, make-up, theater management, lighting design, sound design, costume construction, scene-painting, prop construction, dancing, and movement are all readily available to students. Acting techniques and vocal instruction are offered to students during the rehearsal process in the Drama Club. The Drama Club believes in the overall theater experience; all cast members must get involved in one or more areas of every show. A minimum of 15 hours per show is required of every cast member. Students are taught that they have a responsibility to attend rehearsals, be on time for work meetings, and behave during the rehearsal process.

The Drama Club was established to be a rewarding as well as fun, after-school activity that challenges each student's ability and creativity. The Drama Club hopes to continue in that tradition for many years to come.

*One of the highlights of my life was the birth of my beautiful twin girls, one light, one dark, one full of strength and discipline, the other full of laughter and love of life.*
*You have shared everything thru the years, you laughed, you cried, you hugged and even shared your fears. You've grown from young girls into strong women. Each different in your own right, but each having the fortitude and knowledge to handle life out on your own.*
*I remember your first words, your first steps, and the way you rarely left each others side. You have a special bond not very many people can have in life, I hope you will never forget. The memories of our trips,the rides, the parks,all the skinned knees,and even the first trip to the hospital for stitches,both of you scared for each other, all these and many more will be forever in our minds. I remember the softer moment when Nicole gave up her "Queen of hearts" on that Vermont mountain, we laughed until we cried.*
*You both have taught me many things. Patience is learned thru trials. Forgiveness is learned thru wanting your own. Love is learned thru example. Acceptance comes at the end of battles that never seem to end. Joy comes from sharing the laughter during all the times spent together. To experience the greatest moments in life sometimes you have to go to places that are hard to appreciate what you have.*
*I know what I have, two uniquely different,talented,beautiful,gifted intelligent women going off to find their own future. Always remember no matter where you go in life, you are loved and I am very proud of both of you. Love MOM.*

Dancer, artist, hoopster, Little girl.
Young lady - and so much more.
The world holds so very much for you!
When I hold your face in my hands,
I recall the day you were born -
Look at those cheeks!
In trying to teach you right from wrong,
good from bad, and keep you safe, Our
hope is that your spirit remain.
When all is said and done.
Friends.
Do these words sound familiar? Fourth
grade seems like decades ago -
and yesterday.
If we knew then what we know now....
And the things we could add!
Loyal friend - kind animal trainer -
coach - serious student - karate - actress -
responsible teenager - wonderful
daughter, big sister & babysitter - driver! -
dedicated & tenacious volleyball player.....
Some said you were too sensitive, that
you needed to grow a thicker skin.
Well, you did. The problem with thick
skins is that they don't let much light in -
or out.. As you go forth in the world and
shed that protective defensive shell
(and brush off those crumbs),
our wish for you is that you:
Laugh exuberantly - dance wildly -
sing loudly - live & soar confidently -
love heartily - play enthusiastically -
And let your dazzling light shine
for the whole world to see!
Love,
Mom, Dad & Jeff - EHI

# *BARNACLE 2003 SCRAPBOOK*

Well, this was an interesting idea that had more stops and starts than a field hockey game. When we finally get it together enough to take the picture . . .

It's as cold as an entrance to the quad on a January night, even thought it was a sunny day in December. Even the hockey hunks were shivering.
